

CURRICULUM FEEDBACK: ANALYSIS REPORT

2018-19

INTERNATIONAL SCHOOL
OF MANAGEMENT EXCELLENCE

FACULTY FEEDBACK

For the academic year 2018-19, faculty feedback on curricular aspects was gathered and analyzed using a five-point rating scale. The scale ranged from 1 to 5, with 5 indicating "Strongly Agree," 4 indicating "Agree," 3 indicating "Somewhat Agree," 2 indicating "Disagree," and 1 indicating "Not Sure." The feedback from parents teachers and students were collected & analysed by using rating scale.

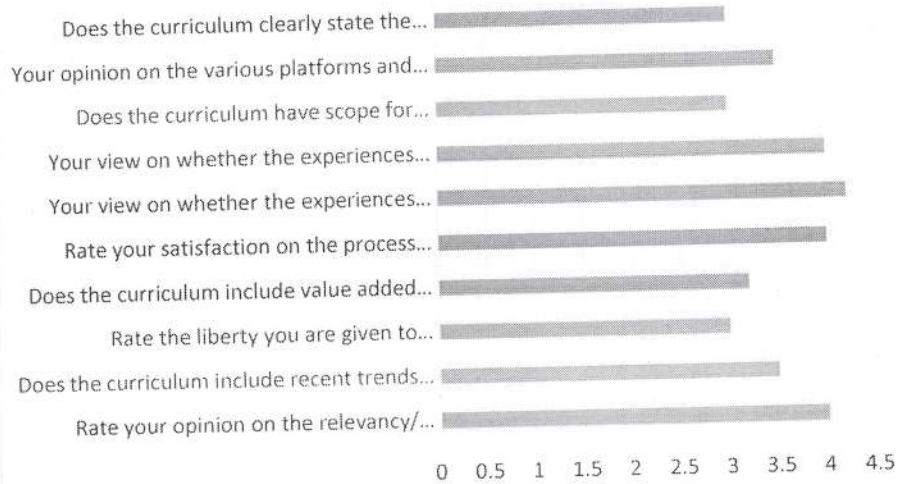

Here are some key findings from the faculty feedback:

- The majority of faculty members agreed that the syllabus was suitable for their respective programs/courses.
- Most faculty members found that the aims and objectives of the syllabi were well-defined and clear to both teachers and students.
- The score for the availability of reference books in the library was 4, indicating that there were sufficient copies available.
- Faculty members generally agreed that the syllabus struck a good balance between theory and application.
- There was strong agreement among faculty members that the syllabus helped to enhance their knowledge and perspective in the subject area.
- Faculty members found the system followed by the University Curriculum Design and development to be effective.
- Faculty members agreed that the curriculum encouraged student participation in the learning process.
- The score for curriculum updation in response to demand was 4, indicating general agreement among faculty members.
- Most faculty members strongly agreed that the quantum of syllabi was appropriate for the semester duration.
- The majority of faculty members agreed that the curriculum facilitated the improvement of students' life skills.
- Faculty members noted that the curriculum contributed to social awareness among students.
- Faculty members expressed that curriculum design took into consideration the employability of students.

PARENTS FEEDBACK

As the primary stakeholders of the institution, parents' feedback, particularly regarding curricular aspects, is regularly collected. Upon examining the feedback gathered for the year, the following insights emerged:

- The majority of parents expressed satisfaction with the course selected by their ward.
- Parents highlighted that the curriculum effectively imparts practical knowledge.
- Most parents opined that the curriculum emphasizes value-based education.
- Parents generally praised the quality of teaching provided by the institution.

Curriculum Feedback Parents 2018-19

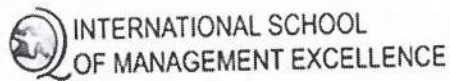

Feedback was collected from all three stakeholders using structured questionnaires and analyzed using mathematical and statistical methods. Faculty feedback primarily centered on the relevance of the curriculum in the present context. Regarding the suitability and adaptability of the curriculum, most faculty members expressed that it is regularly updated and contributes to enhancing their knowledge. Student feedback indicated that the majority were able to utilize the available resources effectively. While parent feedback suggested a few areas for improvement, the majority expressed contentment and satisfaction with the current functioning of the college.

FACULTY FEEDBACK

Faculty being the most important factor in curriculum design, implementation, development and student enrichment, feedback of faculty on curricular aspects is of utmost importance. All these feedbacks were collected & analysed by using a five-point rating scale. The maximum score is 5 and the minimum score is one. Where 5 indicates Strongly Agree, four indicates Agree, 3 indicates Somewhat Agree, 2 indicates Disagree and 1 indicates Not Sure.

- Most of the faculty agree that the syllabus is suitable for their concerned programme/course
 - Majority of the faculty agree that Aims and Objectives of the syllabi are well defined and clear to teachers and students
 - The score obtained for the statement regarding the sufficient copies of reference books available in the library is 4 which indicates that the reference books in the library are sufficient.
 - Majority of the teachers agree that the syllabus has a good balance between theory and application
 - Faculties strongly agreed that the syllabus of the course helps to increase their knowledge and perspective in the subject area
 - The system followed by the University for the Design and development of curriculum is effective
 - The faculties agree that the curriculum ensures student participation in the learning process
 - The score obtained for the statement regarding curriculum updation in terms of demand is 4 which indicates that faculties agree to an extent for the curriculum updation.
 - While analyzing the faculties' response regarding the quantum of the syllabi is apt for the semester duration most of the faculties strongly agreed
 - Majority of the faculties agreed that the curriculum facilitates the students to improve their life skills.
 - Faculties opined that the curriculum creates social awareness among the students
- Faculties expressed that curriculum design take into consideration for the employability of the students.

STUDENT FEEDBACK

The curriculum of the college is designed by the affiliated university, Bangalore University. The responsibility of the college is to ensure the proper implementation of the curriculum. The feedback taken from students and analysis about the present syllabus and curriculum of the college reveals the following facts. All these feedbacks were collected & analysed by using a Five-point rating scale. The maximum score is 5 and the minimum score is one.

- Most students have the opined that the syllabus of the course has relevance to their professional life.
- Majority of the students opined that the content of the syllabus revised regularly.
- Students opined that the syllabus imparted value based learning in terms of skills, concepts, knowledge and critical thinking in students.
- Most of the student's stated that aims and objectives of the syllabus were well defined and clear to the teachers and students
- Majority of the students said that the course/ syllabus increased their knowledge and understanding of the subject studied.
- Most of the students the syllabus was directly related to enhancing practical competencies
- It is also observed that the syllabus was need based as per the requirement of the job/industry.
- The curriculum give good emphasis on skill based learning and encourage extracurricular activities.

ALUMNI FEEDBACK

As we embark on the analysis of alumni curriculum feedback, we delve into a treasure trove of insights that illuminate the effectiveness and relevance of our educational offerings. Alumni voices serve as vital guides, providing invaluable perspectives on the strengths and shortcomings of the curriculum, thus empowering us to chart a course towards continuous improvement and innovation. Through this examination, we aim not only to honor the experiences of our alumni but also to catalyze meaningful enhancements that ensure our curriculum remains a beacon of excellence in preparing students for the challenges and opportunities of tomorrow.

- Majority of the Alumni's said that the current syllabus is relevant to real life situation.
- Students opined that the internal evaluation system was excellent.
- When compared with the syllabus with other institutions or university students opined that their syllabus was excellent.
- Students states that the syllabus helps to their future career growth.
- Alumni's opined that they received career and skill training in the classroom.
- Majority of them says that the peer groups helps them to improve their study.
- The curriculum give good emphasis on skill based learning and encourage extracurricular activities.
