## **Domains and Themes for Organizational Excellence**

- Excellence in **Management**
- Excellence in **Business**
- Excellence in **Social Enterprise**
- Excellence in **Education**

### The themes that are central and integral to the above four domains of organizational excellence are:

- Quality: consistently meeting or exceeding expectations while optimizing processes and fostering continuous improvement.
- **Innovation**: driving progress and adapting to change.
- Sustainability: environmental and social long-term impact and viability
- Accountability: transparency and ownership for one's own actions
- Ethics: working with integrity and fairness.
